To our library patrons; our friends:

Thinking about the McBride Memorial Library, I am reminded of my community. As I look to the maintenance of this building, I am reminded that for over 100 years, the community has supported our library. A library is more than a building, but the building is important too. Our community built the library of their dreams, and I want to do my part to ensure that this investment that the community has made is here for our children.

The most important collection that any library will develop, is the collection of its community. Libraries support learning, not learning through books. And the ability to learn beyond the written page is dependent upon the community sharing their passions and coming together go build this common goal.

The library relies heavily upon individual contributions in order to offer these services. The state and municipalities is a small portion of our support, and we must rely on the patrons who use our services to contribute so that we will be able to continue to keep our doors open and our content meaningful.

On behalf of the Board of Trustees, the staff, and, most especially, the people who need a strong public library, I am asking you to make a contribution to support our library. With your help we will continue to contribute to the Greater Berwick Area and provide excellent service.

Thank you for all the support you have given over the years. A public library cannot stand without the support of its community, and we have been standing strong for one hundred years because our community believes in us, believes in the services we provide, and believes that this is a community worth investing in.

THANK YOU FOR OVER 100 YEARS!

Sincerely,

George Remensnyder
President, Board of Trustees

To help improve and maintain the collections and services offered at McBride Memorial Library, I am contributing:

\$25.00 \$50.00 \$100.00 \$ _____: Please makes checks payable to **McBride Memorial Library**.
